DIGEST OF SB 175 (Updated February 17, 2005 2:04 pm - DI 106)

Citations Affected: IC 35-38.

Synopsis: Home detention monitoring devices. Allows a court to order an offender on home detention to wear a monitoring device that can reliably determine the location of the offender. Changes the definition of "monitoring device" to include a device that can: (1) record information 24 hours a day regarding an offender's location; (2) track where an offender has been; and (3) notify the appropriate agency if an offender violates a home detention order. Requires a probation department or community corrections program that monitors an offender on home detention to: (1) maintain constant supervision of the offender; and (2) have staff available at all times to respond if the offender violates a home detention order. Requires a sex offender or violent offender on home detention to use a monitoring device that can determine the offender's precise location. Makes technical change correcting the definition of "violent offender" for purposes of home detention.
